

**Norman Schneiter Joins BioWorks as
Lab Supervisor/Product Development Technician**

Victor, New York (September 1, 2005) – BioWorks, Inc. proudly announces that Norman Schneiter has joined the Company as the Lab Supervisor and Product Development Technician.

Norm brings tremendous technical experiences to BioWorks with a strong background in tissue culture, genetic transformation, and numerous analytical processes. Mr. Schneiter most recently worked for Sanford Scientific, Inc. and graduated from Rochester Institute of Technology with a degree in Biology. Mr. Schneiter will be working at our production facility in Geneva, NY with primary responsibility for supervising all QA/QC and customer support activities. Mr. Schneiter will also assist in the evaluation of new technologies and new products for BioWorks.

BioWorks, Inc., a privately held company, provides environmentally responsible, safe and cost-effective solutions to the agriculture industry. BioWorks is a founding member of the BioPesticide Industry Alliance.
