

Peter Epeira Joins BioWorks as Director of Manufacturing

Victor, New York (August 1, 2005) – BioWorks, Inc. proudly announces that Peter Epeira joined the Company as the new Director of Manufacturing.

Peter brings extensive manufacturing and quality assurance experiences to BioWorks, having worked for Bausch and Lomb, Inc. for over 15 years, and most recently Lightwave Enterprises, Inc. Mr. Epeira's primary responsibility for BioWorks will be to oversee the manufacturing and delivery of BioWorks environmentally responsible, safe and cost-effective products, including RootShield® Granules, PlantShield® HC, MilStop® and NemaShield™, to the horticulture market around the world. Additionally, Peter will be responsible for construction oversight of BioWorks' new manufacturing facility.

BioWorks, Inc., a privately held company, provides environmentally responsible, safe and cost-effective solutions to the horticulture industry. BioWorks is a founding member of the BioPesticide Industry Alliance.
